

Children's Mental Health Campaign Organizational Endorsement Form The Children's Mental Health Campaign is an ever-growing coalition that includes health care providers advocates, families, educators, and consumers from across the Commonwealth who have joined together to reform the mental health care system for children – a system that is broken and seriously flawed.

The Campaign supports reform that removes the barriers that children and families face when seeking treatment by making it easier for families to access care from any point in the system.

***Yes! Our organization would like to join the Children's Mental Health Campaign as an organizational endorser.***
